Title: ANALOG TIMEPIECE WITH A PLURALITY OF DIGITAL DISPLAY FUNCTIONS
Examiner: Leo T. Hinze
Mailed: Santa Barbara, California, 2006 January 30th.

Amendment B

In response to Office Action mailed 2005 November 15, and a conference call of 2006 January 19th, please amend the above application as follows:

CLAIMS:

1. (currently amended) A timekeeping device comprising;
at least one substantially center-located analog indicator,
a plurality of multi-function display areas positioned about the periphery of said timekeeping device and disposed at as hour demarcation points,
control means of said analog indicator providing time of day,
and control means of said display areas providing information selected from the group consisting of numbers and text and graphic symbols.
2. (original) The device of claim 1 wherein a day of the week is represented by at least one alpha-numeric character within a display area.
3. (original) The device of claim 1 wherein a day of the month is represented by at least one alpha-numeric character within a display area.
